INTRODUCTION

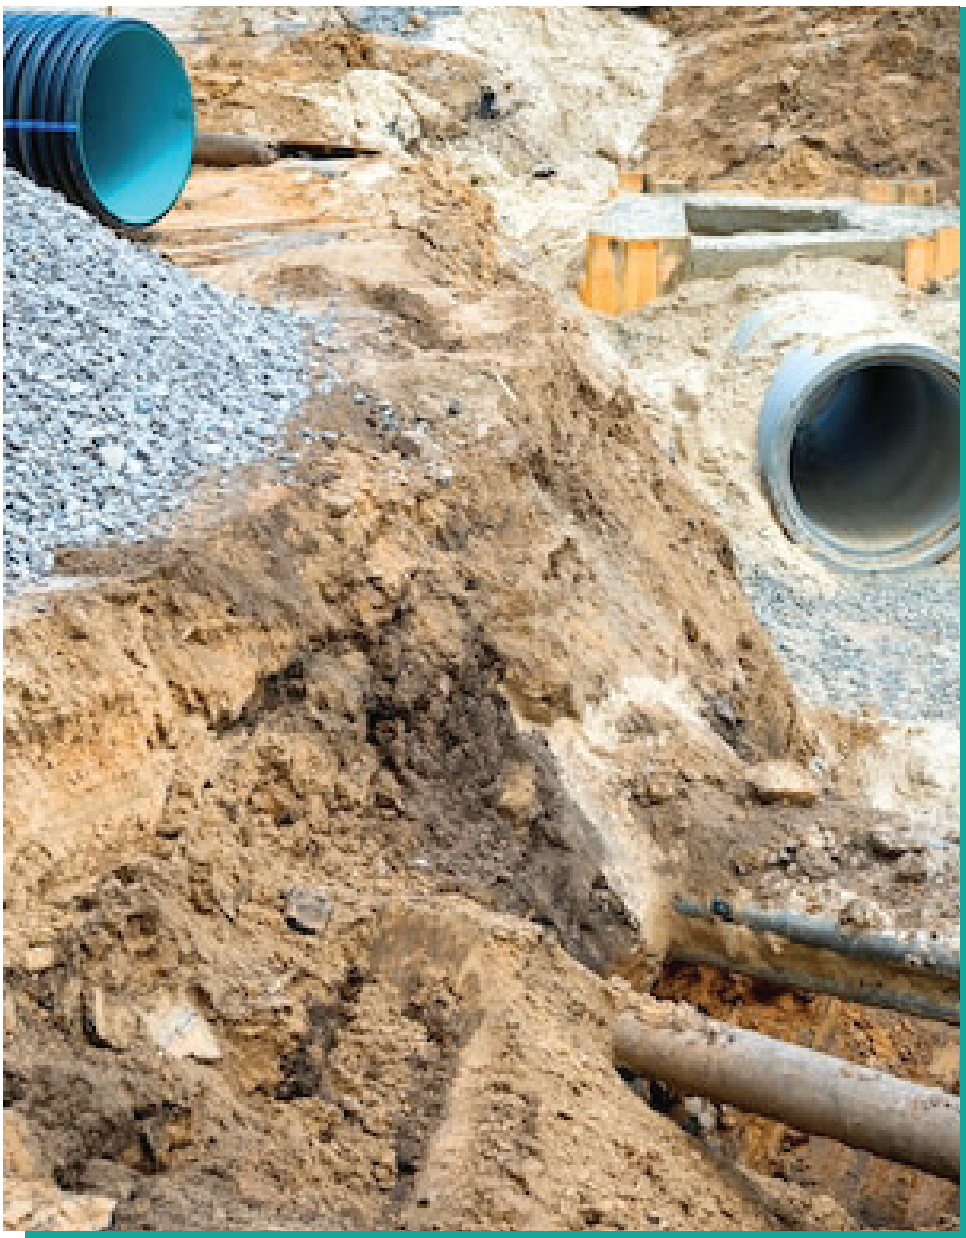

Faris Point Limited has been building a solid reputation in Kenya since 2015 as an honest, hard-working, and high-quality construction and excavation contractor. Faris Point Limit is a business providing excavation and utility contracting services for commercial and industrial clients throughout Kenya and East Africa.

We are a relationship-based company. We believe in building strong working partnerships to create the trust necessary to get the job done right. Our highly qualified personnel not only understand the construction and excavation operations, but they also know the design

Faris Point Limit has the depth of staff and experience to accomplish your goals. Every project receives the personal attention it deserves, from the planning phase through to completion.

As experts in our fields, we believe in customer education as a top priority and, therefore, always strive to maintain a high level of communication throughout the process.

WHAT WE DO

Faris Point Limited's experience ranges from working on sites located in urban cities to sites in large rural communities. Whether the project consists of a deep shored foundation on a confined site, a large tract of land or a site with a Green/LEEDS Rating, we have the knowledge and experience to bring the

Taking on projects in this manner allows us to maintain competitiveness, versatility and control, all while staying on top of the latest building trends. Our ever-expanding network of soil brokers, suppliers, and subcontractors help us operate efficiently throughout the state.

We have the proven ability and management expertise to aid you in evaluating the concept of your project. By staying abreast of innovative building and excavation techniques and high-quality alternative materials, we can offer cost-efficiency without compromising.

One of the backbones to our company is superior communication. We will keep you informed of the project's progress during all phases of construction and we are always open to your input. What we do in our office and on the job site is coordinate, construct, and supervise your construction and excavation project, but our most important job is to build peace of mind for you.

OUR SUCCESS

Faris Point Limited'S success is attributed to its dedicated and knowledgeable staff, well-maintained equipment, safety record, and our distinguished clientele. We've served clients in the commercial, industrial, and institutional industries, including universities, churches, small

MISSION

To provide complete excavation and building solutions for our clients that are not only efficient but also reliable & affordable.

To gain confidence & trust of our valued clients by conducting business with complete honesty and integrity.
